

V4F Support Fund June 2023 After Action Report (AAR)

Purpose

The purpose of the V4F support fund is to help Canadians defend themselves from all forms of overreach - be it from the state, bureaucratic or medical and foreign influence or interference.

Points

- Our financial institution provided us a print out instead of a bank statement due to the statement having all of our accounts on there and being unable to split the accounts into different statements. They will provide us with the PDF transaction print out every month
- Stripe funds can take 3-5 days to transfer into the account, therefore the statement doesn't reflect payouts that take place towards the end of the month

Recommendations

- If the fund becomes big enough, have an independent accountant review bank statement, fund dispersal and stamp the report.
- Setup an automated email receipt with thank you note for becoming a donor.
- Add tickers to the support fund website. # of donors, total \$ raised
- Make the veterans check box bigger to ensure people know what they're supporting
- List the veteran organization that will receive funding (if voted to) that month
- Do more social media and short videos of the potential recipients
